

Songwriting: Change a Chord Quality

Name: _____

Activity

Step One: Choose a Progression to Start With. You may not need all of the lines below and you can use the example from the video if desired!

Chords: _____

Step Two: Change One Chord Quality

Choose one chord from your song and switch it to another chord that you know! Try a few different options
*Example: If my original progression was C - G - Am - F, I could change it to C - G - **A** - F*

New Chords: _____

Option 2: _____

Step Three: Create a Strum Pattern

--	--	--	--	--	--	--	--

1 + 2 + 3 + 4 +

Step Four: Analysis

How do your chord and rhythmic changes affect the mood of the song?
